We recognise that pupils learn at different rates and that there are many factors affecting achievement, including ability, emotional stability, age and maturity. We believe that many pupils, at some time in their school career, may experience difficulties which could be short or long term. At Woodside Primary we aim to identify these needs as they arise and provide teaching and learning contexts which enable every child to achieve his/her full potential. We will address both learning and physical barriers to access by having accurate knowledge, understanding and skills to meet each child's particular needs.

The National Curriculum is our starting point for planning a curriculum that meets the needs of individual and groups of children through setting suitable learning challenges, responding to the children's diverse needs and overcoming potential barriers to learning and assessment for individuals and groups of children.

Co-ordinating Support within school

Mrs Chelsea Percival our SENDCO is responsible for co-ordinating special needs provision within our school. Our Special Needs Policy outlines her role. We ensure that the pupils with specialist needs have access to a wide range of teaching strategies and resources to maximize their access to the curriculum. We ensure that where necessary individual pupils' needs are also supported by teaching assistants.

Specialist support

We achieve inclusion by continually reviewing what we do through asking ourselves these questions:

- Do all our children achieve as much as they can?
- Are there differences in the achievement of different groups of children?
- What are we doing for those children who are not achieving their best?
- Are our actions effective?

Where additional outside professionals are needed, they work in our school and become part of the team to ensure that the inclusive ethos is fostered. We are in regular contact with:

- Chatterbug speech and language therapy
- Specialist teacher service for support with cognition and learning, communication and interaction, physical and medical needs
- Woodview Child development Centre
- Brookfields outreach for support for children with ASD
- Link Educational Psychologist advice
- Halton educational psychology service
- SENDIASS team 8. Local schools and settings
- Behaviour support

Admission arrangements

We aim to give all our children the opportunity to succeed and reach their highest level of personal achievement. Our admission arrangements for pupils requiring learning support, physical support or emotional support will not differ from the arrangements for other pupils.

Access to the curriculum At Woodside all our pupils are of equal value and have the same right to take part in the varied activities that we have to offer and the opportunities that they provide. All pupils are given the opportunity to be included on educational visits and residential activities. A range of after school clubs and extra-curricular activities are on offer for both KS1 and KS2 children. When planning their work, teachers consider the abilities of all the pupils in their class. Preplanning and the pupil voice provide opportunities to shape their own learning. Where children are not meeting the age-related expectations, additional support will be provided by using school support plans, Boxall profile and PIVATs 5 materials.

Role of the Governing Body

Our Governing body, in line with the SEND code of practice, has a governor responsible for our inclusion. The Governor will liaise with the head teacher and SENDCO as and where necessary. The Governor with responsibility for SEN provision and Inclusion is Mr. Alan Greggs.
